CUTHBERT, NIC

Two years ago, my wife Donna and I fell in love with the natural beauty, wonderful people and extraordinary way of life this region has to offer. Since buying a house and permanently calling Carnarvon home, we have welcomed our baby girl into the Gassy lifestyle, born in town just this year.

Like many young families, I share the desire to contribute to a sustainable local environment that provides attractive public amenity, economic opportunity and community spirit to kids growing up in the northwest.

New to town but passionate about making this place a thriving community; I'm keen to ensure we all live happily in a vibrant and prosperous locality. I pledge to offer a fresh perspective and vow to uphold the values of an effective local government by listening and responding to you, the elector, and by embracing the exciting vision that many of us share for Carnarvon.
